IS life **ITSELF.**”

“Our mission at YCET is that every student of ours become a success story”

Chairman Message

LAKSHYA INSTITUTE OF TECHNOLOGY (LIT)

We diligently focus and also commit for a wholesome personality development of each and every student. Though I am Chairman for the institute but, in all my behaviour and class room presentation I am only a faculty, a trainer, a motivator, a mentor and an astute author for various programming languages such as C, C++, Data structure etc. I most benevolently commit before all the parents to take care of their kids as my own sons, daughters and also as my family members, to give our best efforts to upgrade their knowledge, skill as well as personal behaviour.

Prof. Susant K Rout
CHAIRMAN, LIT

LAKSHYA INSTITUTE OF TECHNOLOGY (LIT)

I welcome you all to an enlightened charitable family of academic professionals in the sky of IT. It gives me immense pleasure to express honestly about glorious history and flourishing features of Lakshya Institute of Technology. My clean heart springs with joy to say, “Prevails although infinitesimal with its natural ever most effective factors”. This is Identity of Lakshya Institute of Technology. Since its inception, LIT is known for its unique practices for making all round development of the students admitted into different IT courses without any question of comparison.

Prof. Dileswar Sahoo
PRINCIPAL, LIT

Principal Message

OBJECTIVE

Lakshya Institute of Technology (LIT), Bhubaneswar, has been a dreams project of the Chairman Mr. Susant K. Rout. To highlight the potential of Odisha's IT skilled manpower and its demands in the IT landscape, it is inevitable for re-emergence of an authentic institution. The college is an endeavour with a practical approach to achieve a target objective of quality human resources creation.

LIT established in 2016, sets the benchmarks of education with a systematic approach to match the best of practices and IT standards available all over India, having a clearcut objective to train & upgrade thousands of students for different programs. LIT offers BCA, BSC (ITM), BSC (CS), BSC (Data Science), taught by our experienced professors with decades of experience and technical acumen. This institution aims at 100% Placement success, without compromising the semester examination conducted by Utkal University.

MISSION

Our Mission is to constantly endeavour to establish LIT as a centre of excellence in IT education landscape.

VISION

Our Vision is to maintain academic excellence towards achieving the pinnacle of glory as the top IT manpower provider in the country.

FACULTY

Teachers play a crucial role in the field of computer science education, contributing significantly to the learning and development of students. Teachers in LIT play a multifaceted role, encompassing knowledge transfer, skill development, mentorship, and the cultivation of a positive and collaborative learning environment. Their influence extends beyond the classroom, shaping the future professionals and leaders in the field of computer science.

STAFF

Teachers play a crucial role in the field of computer science education, contributing significantly to the learning and development of students. Teachers in LIT play a multifaceted role, encompassing knowledge transfer, skill development, mentorship, and the cultivation of a positive and collaborative learning environment. Their influence extends beyond the classroom, shaping the future professionals and leaders in the field of computer science.

HIGHLIGHTS

Professor Susant Kumar Rout, the college Chairman, is an accomplished author of C language and excellent academician and is the founder faculty member of the college, LIT.

TEACHING IN LIT :

- Everyday programming projects are given to pupils by the Chairman himself in order to help them improve their writing and typing skills.
- Pre-placement training begins in the very first year and continues until the campus drive for the campus interview.
- Distinguished educational record at Utkal University, with University topper for the second year in a row in every year.
- Assurance of 100% placement support.
- Specific skill development classes taught by industry professionals.
- As all lessons are digitized, including the use of an LED projector and a digital board, students attend live classes with a laptop in hand.
- Internal examination, assessment test, VST, and semester examinations are all part of a rigorous academic calendar.
- Class attendance is made mandatory.
- Organizing significant activities such as orientation, fresher's party, annual function, C-Marathon, farewell party, and alumni meet etc.
- Participating in extracurricular activities with students on special events such as Diwali, Holi, X-Mas Day, New Year's Eve, Ganesh Puja, Saraswati Puja, Republic Day, Independence Day, and so on.
- We have our own online attendance and examination portal, which is used for ensuring attendance and conducting online examinations.

COURSE OFFERED/BENEFITS

BCA

BCA is among the most popular graduation courses that students take after completing their school. In today's day and age, getting a BCA degree is compulsory but it is not enough. It is not easy to find high paying jobs for BCA graduates if one has not chosen the right courses after BCA. One has to take up post-graduation or professional certificate to have a well-established career after BCA degree.

BSc (Computer Science)

This degree can lead to careers as a computer scientist, information systems manager, or networking specialist, with tasks such as expanding the organization's technological roadmap, assuring productive management of available computer facilities, regulating the steady operation of local and wide area networking, executing cyber security systems, retaining software and hardware.

Bsc (ITM)

In India, the B.Sc. in ITM, or Bachelor of Science in Information Technology and Management, is one of the most popular career paths for students interested in technical fields. In the professional field, it offers a diverse range of options. Professionals with a BSc ITM degree usually deal with storing, processing, safeguarding, and managing data. The main focus is on information technology ideas, processes, and tools to serve a variety of business operations.

Bsc (Data Science)

Completing a degree in this field equips you with the skills and knowledge necessary to secure highpaying and fulfilling job opportunities. You can opt for different roles such as data mining engineer, machine learning engineer, data architect, data scientist, business intelligence analyst, and many more.

CLASS ROOM:

Teaching is imparted for all students with experienced faculties and is simply wonderful due to its unique pattern; techno based teaching, fully digitalised & well furnished class rooms. To make the classes interactive, teaching is imparted through laptop & LCD projectors. For this reason only we made it mandatory that each & every student must have his own

Laptop for
study.

LIBRARY:

It is the index of an educational institution. Our library provides the best academic support & accelerates the learning books process by proving free books at all levels.

TRANSPORT:

LIT has its own full-fledged transport service with Buses & Vans in the transport section. The college provide transport services for students and staff from city, hostels and other nearby areas round the clock and at regular intervals.

PLACEMENT RECORD -2019

Placement in Lakshya Institute of Technology is a Promise comitted from both sides as an institution & a student as well. The preparation of placement starts from the first day of enrollment & goes on till the objective is achieved . By Keeping the golden future of students in mind, we drive each & every student to their dream career. It has been a glorious journey towards perfection & the campus placed students are the only witness of our glorious achievements. We believe in the harmonious relationship among institution, students & recruiters.
